More Parking in Lincoln Park?

Dear Friends,

Now here's a neighborhood "win-win." For the last several months, I've been working with the Department of Transportation and Green City Market to identify alternative parking for some of their trucks, to make the market more visible and reduce some noise for residents. I am happy to announce that to solve this issue, CDOT has opened up new parking areas along Stockton. This will allow half the Green City Market trucks to park on Stockton during market days, open up meters on Clark Street for cars, *and* result in more free parking for cars on Stockton on non-market days.

The Green City Market opens this Saturday for the season. See you there!

Tonight, Join Me And Enjoy Cravings on Clark!
