Dear Friends,

This year Chicago is host to the 25th North Atlantic Treaty Organization Summit, **Sunday, May 20** and **Monday May 21** at **McCormick Place**.

With the many protesters and dignitaries anticipated, the NATO Summit entails an increased need for security coordination. For almost a year, local, state and federal agencies have been preparing a detailed security plan which takes into account road closures, vehicular restricted zones, changes in public transportation and pedestrian routes.

For ALL Chicago neighborhoods, there will be MORE police on duty than usual and CTA will be running weekday schedules on the NATO weekend to help alleviate traffic concerns.

With the exception of some temporary road closures or public transportation delays, **any additional disruption is not anticipated within the boundaries of the 43rd Ward**. Our strong police presence will be maintained and our office will give you any updates as they come along. The city-wide plan is available on our [website](#).
